'FOR IMMEDIATE RELEASE'

Due to the changing weather conditions causing extremely muddy conditions in the alleys, the City Sanitation Department announces that **effective Monday, March 19, 2018, the City Sanitation crews will no longer be picking up garbage in the alleyways.**

Until further notice, please place garbage containers on the boulevard **no further than 3' from the curb** on your scheduled pick up day.

Please **place garbage out for pick up by 7:00 a.m.** Trucks **WILL NOT** return to the area due to missed garbage placed out after the scheduled garbage route has been completed.
